## PROFESSIONAL PROFILE

BSc IT student and developer skilled in building scalable web and mobile applications using the MERN stack. Proven ability to deliver high-impact solutions and creative assets for 100+ global clients, with a focus on performance, usability, and real-world problem solving.

## TECHNICAL SKILLS

**Development:** Express.js, React.js, Node.js, Python, Java, JavaScript, HTML, CSS, Flutter, MongoDB

**Design & Video:** UI/UX Design, Figma, Photoshop, Illustrator, Premiere Pro, After Effects

**Tools & Infrastructure:** Git, Firebase, Vercel, Netlify, RESTful APIs, SQLite, Postman

**Core Strengths:** Problem-solving, Creative thinking, Fast learning, Attention to detail

## SELECTED PROJECTS

### College Bus Booking System

2025

React.js, Node.js, Express.js, MongoDB

- Developed a comprehensive full-stack solution to automate transport logistics for 500+ daily users.
- Implemented a real-time reservation dashboard and admin portal, reducing manual administrative tasks by 60%.
- Architected the system with a focus on mobile responsiveness and database integrity to prevent booking conflicts.

### Lumio-App: Cross-Platform Messaging Platform

2025

Flutter, Firebase, Provider

- Built a cross-platform messaging app for iOS and Android featuring real-time chat and secure user authentication.
- Utilized AI-assisted development workflows to build responsive UI components and backend logic 40% faster.
- Created a custom dark-mode interface focused on low-latency messaging and fluid user experience.

## OTHER TECHNICAL WORK

### Verified Discord Bot

2023 – 2024

Python, discord.py, SQLite

- Earned "Verified Developer" status by building a secure bot that effectively managed over 10,000 commands.
- Automated approximately 85% of moderation and community tasks for large-scale online servers.

## Personal Portfolio & Brand Site

2024

HTML, CSS, JavaScript, Figma

- Designed and developed a custom professional website to feature technical projects and visual design experiments.
- Focused on clean code architecture and optimized performance for a professional cross-device experience.

## PROFESSIONAL EXPERIENCE

---

### Freelance Visual Designer & Video Editor

2022 – Present

- Delivered over 100 branding, motion graphics, and video projects for global clients.
- Collaborated with clients to enhance social media engagement by 40% through targeted visual content.
- Managed end-to-end creative workflows including wireframing in Figma and high-fidelity video editing in Premiere Pro.

## EDUCATION & CERTIFICATIONS

---

### BSc Information Technology

2023 – 2026

Nirmala Arts and Science College, Chalakudy

#### Certifications

- Mern Stack Development (Add-on Course)
- Basics of Networking And Cloud Computing (Certification)
- Inker Robotics (Industrial Visit Certificate)

## CORE STRENGTHS & ACHIEVEMENTS

---

- **Logic & Code:** Strong problem-solving skills applied to writing clean, maintainable, and efficient code.
- **Rapid Adoption:** Proven ability to learn and implement new technical frameworks and tools within tight timeframes.
- **Project Management:** Successfully balanced long-term freelance commitments with a full-time academic schedule.
